7071 km

The main instrument cluster is a large circular display. At the top, it says "Boost OFF". Below that, it shows "Range 77 km". In the center, the word "MOTOR" is above the large text "OFF". To the left of the "OFF" text, there are two battery level indicators, each showing "78%". At the bottom of the cluster, there is a "ECO" mode selector with a leaf icon. The cluster is surrounded by a grey ring with a power button icon at the top and a leaf icon at the bottom.
